## Sexual Violence

Sexual assault is an incredibly personal act of violence which can occur in many ways. Statistics suggest that 1 in 6 women and 1 in 33 men will be sexually assaulted during their lifetime. Further, in every 2 minutes in our country, a woman is a victim of a completed rape. Most rapes are committed by an acquaintance, friend or family member, and although common, sexual assault and rape are crimes often unreported.

**If you have been sexually assaulted and would like to speak to a counselor immediately, the Independence House hotline is staffed with a counselor 24/7/365.**
